### GANDHI'S GOONS

An Associated Press dispatch from India states that gandhism is spreading in the wake of the arrest of Gandhi and his congress party followers. Gandhism is defined as nonviolence and apparently a variant of the word "goon" that has crowded into the vocabulary applied to tactics of American labor unions.

It was thought all along that "goon" originated in this enlightened land through a comic strip character—a fearsome and bumbling monstrosity of great brawn and no brain. The designation was first picked up as a symbol of labor violence in the Pacific northwest, where roving squads of went around intimidating employers and dissenting workmen.

The suggestion that gandhism had a prior place in the Indian vocabulary and that "goon" may have been imported into this country should be of interest to lexicographers. There is an outside possibility, of course, that the Indians have borrowed from us the word and the methods associated with it but it is fruitless to quibble about who should have the credit.—Chicago Tribune.

### OUR HERO

If Carl Hanton of the Fort Myers News-Press has a hero, that hero is Senator Claude Pepper. But Mr. Hanton is such a man to reprimand a democratic hero as such his very own—as quickly as he would a republican villain.

Last week Senator Pepper, who had been sponsoring a national anti-poll tax bill, found himself sharing that questionable honor with Senator Brooks of Illinois, whose constituents include back and tan blacks all over his state.

Mr. Hanton promptly unbrained his favorite senator "for being caught in queer company" and said it was "rather out of character for a Southern senator" to do so.

Mr. Hanton's analysis, which sounds logical to us, is that Florida has already abolished the poll tax; so the senator was performing on particular benefit for his home state; that, although Senator Pepper may have been thinking of the poor tenant farmers without a dollar to spare for the right to vote, these republicans were thinking of something else.

"Lending aid and comfort to the designs of odious meddlers who frown on the customs of the South is hardly becoming to a senator from this region," Mr. Hanton wrote.

If the Florida senator's action is ever twisted into a means of giving the negro the vote, he will have difficulty explaining it away in future campaigns.—Orlando Sentinel.

### YANKEE TRADER

The story is going the rounds here of a family in New England that applied to the ration board for 100 gallons of motor fuel to drive to Florida for the winter. Hestitating to grant the request, the man-of-the-house said if they remained at home they'd apply for 1,000 gallons of fuel oil to keep their home comfortable all winter.

"It's one or the other, and tank cars will hold just so many gallons, whether it is motor fuel or heating fuel," he declared. And according to the story, he got the gasoline and is now in Florida.—Titusville Star-Advocate.

## To Recruit Men For Lexington

A campaign designed to place a complete flight unit, composed of local men, aboard the USS Lexington, aircraft carrier to be launched Saturday, was launched in West Palm Beach Wednesday by the civilian committee for naval aviation.

Judge R. P. Robbins, chairman, said efforts would be made to provide enough cadets to form a West Palm Beach Lexington squadron.

Any physically fit, unmarried high school graduate between 17 and 27 is eligible to become a naval aviation cadet, he said. Men accepted are given an eight week preliminary course followed by three months pre-flight work and then primary and advanced flight training. Ten to 12 months after enlistment successful candidates are graduated with "Naval Wings of Gold" and commissioned either an ensign in the navy or a second lieutenant in the marine corps.

Complete information may be obtained from any member of the civilian committee or the naval recruiting station in the post office building.

## Cinematic Chatter . . .

By MALCOLM MILLAR  
What The Movies Have To Offer During The Coming Week

There are so many ace shocks scheduled for this coming week at the Prince Theatre that I hardly know who to commence. However, I am starting with the Sunday-Monday showing of "True to the Army" starring Allen Jones, Judy Canova, Ann Miller, Jerry Colonna and a huge cast of musical comedy artists. Here is a show with the proverbial "everything"—meaning everything it takes to make a sure enough musical extravaganza de luxe. If you catch what I mean, "The romantic antics of Allen Jones, the twinkling flashing toes of Ann Miller, the "Guess Who" of Jerry Colonna and the freak voice and zany antics of Judy Canova, plus marvelous settings; gorgeous gals and heart warming song numbers. I give this show all of the bells and four of the biggest stars for an All Star attraction!

Tuesday's "Jungle Book." Kipling's immortal story of the jungle boy who was half human and half wolf, without fear of contradiction, will be the show of the year. It took two years to make this picture on the Sherwood estate in California, which was turned into a typical jungleland, with wild animals roaming at will. Regular movie animals were not used because, being used to the cameras, they would look too contented and docile. So all of the animals were trained by the McCoy. \$2,000,000 was thrown into the production by its sponsors, without a single stone unturned, to make this the most fantastic Technicolor production of beauty and thrills ever before attempted in the land of make believe. You'll never forget it!

Knowing we have had some sad disappointments with feature length cartoon comedies it is a little hard to find the words that will tell you what a fine show this one is. "Mr. Bug Goes to Town" was re-released in Jacksonville and

proclaimed one of the best the Max Fleischer Studios have ever brought forth. At any rate, if you are like me—just a kid who never grew up, like to read Sunday "Giggles and Stickers" and follow the adventures of Dick Tracy, I am sure you will get a real kick out of this spree.

A new star comes in on this same bill. His name is John Kimbrough and he was an All-American football star before coming to Hollywood. What he is as an actor I don't know. I never went too strong for these heroic actors and actresses who never had any training, although I will have to admit there have been some who have come forth as pretty good troupers. John and Virginia Gilmore, and she should do a lot to ward putting the boy across, come in with "Sundown Jim," a Western story from one of the up-and-coming writers of that sort of stuff we have today.

Fans who go for Hugh Herbert will go for "There's One Born Every Minute," with Tom Brown and Peggy Moran. As you already know what sort of shows they generally produce I'm not going to take up time and space with a synopsis.

Ralph Byrd and Esther Muir, with Harry Langdon, the latter star was at one time a headliner on America's largest vaudeville stage, come in on this double feature program with an entertaining sketch titled, "Misbehaving Husbands." How good this one is I don't know. All I have on it is the great book, which states, as they always do, that this is a show that will give you a laugh a second all the way through. So there you have it!

Well, members of the "Six Shooters Club," Bill Boyd, (Hoping to you), with Andy Clyde and his usual gang of "trailer lusts" comes in Saturday with

a real Western adventure, which is said to have been an actual happening back in "them dark days." From the story "like a honey, so fill up your sling shots, shine the saddle on your bike, and come a galloping for this one.

That jungle Gai in dire enough in a jam this week, which I hope she gets out of before my Adams Apple gets out of my throat and knocks my eyebrows off. Shorts look good too—in fact, the hull dem show looks kooky!

Everyone I treat myself, I treat Uncle Sam. I buy a twenty-five cent War Stamp. Great idea. Try it yourself! See you at the movies—Mal.

## Farm Income Is Up In Florida

Orlando, Fla., Sept. 24.—Florida's cash income from total farm marketings the first six months of 1942 amounted to \$122,626,000, the bureau of agricultural economics, Tuesday advised W. F. Callender, agricultural statistician for Florida.

This was more than the total for the entire year 1940, when the cash farm income for Florida was \$115,539,000, he said.

Callender reported that Florida now ranks sixth among the states in money production with an estimated output of 7,200,000 pounds for 1942. He said that at present wholesale price average, such a production should return close to \$750,000 to Florida honey producers.

Anna Q. Nilsson was off the screen for thirteen years after a fall from a horse, but she's staging a comeback soon. (Welcome back, Ann, you always were a grand trouper.)

When high school girls were chosen for scenes in a classroom for a new Henry Aldrich picture, those who appeared with red fingernails were sent home after being told that a high school girl should not be glamorous. (How about it, Kids.)

Richard Arlen and Chester Morris fought for nine hours before movie cameras, singing a fight scene for a new picture. On the screen the battle will only last a few minutes—off the screen these two Toughies are the sort of friends—they even borrow money from each other.

It will be just like a letter from home. Soon the foot ball season will start—he'd like to read all about that and the hundred and one other things each week in the columns of this newspaper.

The Everglades News,  
Canal Point, Fla.

Enclosed you will find \$2.00 for which please send the paper to:

# TOO LATE TO CLASSIFY

By Russell Kay

They took over Luxembourg the other day. They made it a part of the German Reich. They didn't consult either the people of Germany or of Luxembourg. They just "took it" and that was that.

The enslaved people of Luxembourg didn't like it. "Workers went on strike in protest." They have a way of dealing with such a situation. They promptly ordered every other shot.

They look forward to the day when they will "take" America and make it too, a part of the German Reich. When that day comes, if it ever does, they won't consult you or me. They will just "take it" and we can like it or else.

We are all that stands in their way. We can stop them. They fear us and hate us because we're We.

Maybe this all sounds like double talk to you, but it isn't. I'm telling you straight, as straight as I know, for it is going to be either We or They.

We are the United Nations. We are the free people of the world. We are Democracy. They are the dictators. They are the totalitarian. They are the enslavers. They are a lot of us still don't understand. A lot of us are still confused in mind. We say they when we mean we. Too many of us are willing to accept the glorious

rights and privileges that we on joy, yet utterly fail to assume the duties and responsibilities that we must accept if we are to survive. They say we are weak and soft. They are wrong, for we are neither. We are strong and courageous, but we do have one great fault, one handicap that if left uncorrected can and will bring certain downfall and defeat: indifference.

If we are to win this war, we must fight, we must buy bonds and stamps, we must have scrap metal, rubber, fats and other needed materials. We must do our part—and do it.

We must serve on a jury and thank God for the privilege. Above all we must vote, for the ballot is the right of expression, the symbol of all that we are or ever hope to be. The other day I heard a man say "they are going to draft men for service." He was a prominent citizen, a civic leader. He was wrong. They don't do anything in this country yet. In America we are the government and what ever is done, we do.

But unless we wake up, unless we assume our full responsibility, unless we as individuals, each and every one, overcome our indifference and do our part, they will conquer us and then all that we might have done or could have done will be just so much conversation.

## Bars Are Removed From Shoulders In New Army Order

To Be Worn On Collar And On Certain Type Hats

All insignia are to be removed from the shoulder loops of officers' shirts and field jackets, the War Department has announced.

Insignia of grade will now be placed on the collar of the shirt worn with the uniform, the letter "U. S." are now displayed. It will also be worn of the garrison cap, and will continue to be worn on the shoulder of the service coat.

The removal of insignia from the shoulders of shirts and field jackets was found desirable because of the interference of such insignia with the use of gas masks, carbines, and other military equipment.

On the garrison cap, insignia of grade will be worn on the left side, centered on the collar, with center of the insignia 1 1/2 inches from the front. The bars of lieutenant and captains will be worn perpendicular to the bottom edge of the cap. The leaves of major and lieutenant colonels will be worn with stem down. The eagle of a colonel will be worn back to the front. The stars of a brigadier general will be worn point upward. Additional stars will extend to the rear of the first star, and be placed 5/8 inch apart. Minor insignia of grade is authorized for general officers, and when this is worn, additional stars will be placed at a relatively smaller interval.

All officers except general officers will wear insignia of grade on the right side of the collar of the olive drab or khaki shirt (worn without the service coat) and metal insignia indicating arm, service, bureau, etc., on the left side, one inch from the end. The bars of lieutenant and captains will be worn parallel with the front edge of the collar. Leaves will be worn with the stem down. The eagle will be worn back to the front.

General officers of the line will wear insignia of grade on both sides of the collar one inch from the end. Other general officers will wear insignia of grade on the right side, and metal insignia indicating arm, service, bureau, etc., on the left.

Warrant officers will wear the insignia of grade on the right side of the collar, and the insignia of warrant officer on the left.

Metal or metaloid insignia of grade will be worn on the shoulder loop of the service coat, the long overcoat, the short overcoat, and the raincoat, and on the shoulders of special suits or jackets of flying personnel, metal embroidered or leather insignia of grade will be worn. Except in the case of the service coat, however, the removal of this shoulder insignia may be ordered by commanders of divisions or independent forces, under conditions of combat or simulated combat.

## Here's A Story About A Cat

Lynchburg, Sept. 24 (FNS)—When an unscrupulous polecat invaded the plant of the Food Machinery Corporation's amphibian tank division, and rats set up housekeeping in the storeroom, the company's director, James A. Greenleaf decided to engage the services of a husky cat. So Tabby was officially placed on the payroll at a salary of the day, he of which pays for her daily milk, the other cent applied toward the purchase of a war bond, for all employees are members of the 10 Percent Club.

Things went along fine for a while. Tabby discouraged the rats and made visits from the skunk less frequent. But, last week Tabby marched in with the Swing Shift, followed by two tiny kittens.

While payroll paying is not generally approved, Greenleaf took on the kittens and now all three cats are proud members of the Food Machinery personnel, playing their part to justify the Army-Navy "E" Pennant which floats proudly from the company flagpole.

Interviewed by a Florida News Service reporter, Tabby said: "I will take care of the skunks and rats here, and the alligator lunks we turn out will take care of them on the fighting front."

## Farmers Have An Idea! No Good!

Social Circle, Ga., Sept. 24.—Thirty-seven Social Circle farmers Wednesday sought to rent their farms to the federal government—but there was a catch in it.

The farmers in their offer addressed to Secretary of Agriculture Claude R. Wickard stipulated that they be retained to operate the farms and be placed on the federal pay roll as foremen. In addition they asked that each be paid a rental according to the fertility of the individual farm.

The petition provided that all crops produced would become the property of the federal government.

"Since the prices being paid for farm products are all out of proportion to that paid people in other vocations," the petition read, "we the undersigned hereby make application to rent our farms to the United States government and to plant such crops as directed by the lessee."

The petition further stipulated that such farm hands as were necessary be paid by the government, but that should the farmer would provide his own work animals and farm equipment. The petitioners reserved the right to continue to dwell upon their farms without any charges or deductions by the government.

Accompanying the petition was a resolution by the Social Circle unit of the Georgia Farm Bureau federation endorsing the plan.

## WANT ADS

FARM LAND FOR SALE  
Phone 70. C. A. Bailey, Belle Glade, Fla.

FOR RENT: Farm land, 20 to 250 acres. C. A. Bailey, Phone 70 Belle Glade, Fla.

'Daddy' Fagg Starts 33rd Year  
Jacksonville, Sept. 24.—(FNS)—"Daddy" Fagg starts his 33rd year of service with the Children's Home Society of Jacksonville Sept. 15, and during that period has seen the institution grow from a small dwelling house where 25 children were housed in quarters suited to accommodate only 15, to the present institution which now cares for 1,500 homeless youngsters in homes in seven cities, with branches in three other communities.

"Daddy" Fagg has contributed much to the growth of the institution, and now is general superintendent.

STAYMENT OF OVERSEAS WAR AGREEMENT, CIRCULATION, REG. NO. 100,000,000, OF SEPTEMBER 24, 1942. OF THE PUBLISHED WEEKLY AT CANAL POINT, FLORIDA FOR OCTOBER 1942. State of Florida. County of Palm Beach. Before me, the Notary Public in and for the state and county aforesaid, personally appeared said **Alka Seltzer**, having been duly sworn according to law, and upon oath he has said to me that the foregoing is a true and correct copy of the original of the ownership, management, etc. of the publication shown in the above caption, required by the Act of August 24, 1942, in section 611, Postal Laws and Regulations, and that the reverse of this form, to-wit: The name and address of the publisher is Paul Rardin, Canal Point, Florida. New Publication Office: The Everglades News, 515 N. W. 1st St., Ft. Lauderdale, Fla. That the known bondholders, mortgagees and all other persons having claims or demands against or holding a lien in part or more of the total amount of bonds, mortgages or other securities are Sam Chastain, O. B. McClure, John A. Dulany, L. L. Stuckey, and Charles Cregg, Jr. Paul Rardin, Publisher. Given in the City of Orlando, Fla., on the 25th day of September, 1942. Notary Public in and for the State of Florida. My Comm. Expires August 8, 1943.

Okeechobee Co. Over The Top In Bond Sales

Okeechobee, Fla. Sept. 24.—W. R. Page, chairman of the Okeechobee war savings committee, reported that September sale of war bonds in that county totals \$14,416 so far, exceeding by \$10,316 the county's \$4,100 quota for the month.

With one week still remaining in the month, Okeechobee county, which was first in the nation to reach its war bond quota in both July and August, hopes to exceed its quota by 400 per cent, Page declared. The county has averaged better than 300 per cent of its quota since the bond sale started. Page pointed out Wednesday.

The latest campaign stimulant was a "theater box party" sponsored at the Gilbert theater in Okeechobee. Page reports that the sale of war bonds and stamps during the "supper" totaled \$10,475, maturity value of bonds purchased. Okeechobee women donated 42 boxes which were sold for prices ranging from a low of \$16 to a high of \$500 with \$200 the average for all boxes sold.

Seeks United Bar in Florida

Tampa, Sept. 24.—(FNS)—J. Thomas Gurney, president of the Florida Bar Association, speaking

Hiway Patrol Has Busy Month

The Florida Highway Patrol, pushing a campaign to reduce traffic fatalities, made 455 arrests during August for charges ranging from drunken driving to improper parking on the highway. Effectiveness of the campaign was demonstrated by reports that 44 traffic accidents occurred during the month, in contrast to 80 for the corresponding month of 1941.

Highway Patrolmen put in 30,490 hours of work on the roads, plus 11,000 hours of station work and 1,007 hours in special details which included escorting military convoys.

Investigations during the month covered 145 accidents. Reckless driving resulted in 145 arrests, followed by 98 for drunken driving, 97 for driving without license, and few numbers of other offenses. There were 416 convictions in courts of persons charged with violating highway laws.

The intensive campaign to require all persons to have driver's license has been going on during the year.

New drivers' licenses, for the year 1942, must be obtained on or before October 1. They cost \$1 each. Persons who do not obtain them before the deadline—And Governor Holland has announced there will be no extension of time—must pass fitness examinations on or after October 2. They will be subject to arrest if they drive a car without a license after October 1.

State officials pointed out that all persons who drive motor vehicles are required to have valid licenses, regardless of whether they own the automobile they drive. Revenue from sale of licenses supports operations of the State Highway Patrol.

Mr. and Mrs. P. H. Weirman of Annniston, Ala., announce the birth of a daughter, Tonia, born Tuesday Sept. 15. Mrs. Weirman is the former Miss Edna Pearl Wheeler, of Pahokee. Daughter of Mrs. Emma Wheeler, Mrs.

NEW  
"Connect" and "Disconnect" Service Plan

We all know WHY we should save rubber for our country. Our big problem is HOW to save it—and yet provide good Sunshine Service.

One plan now in effect concerns the connection and disconnection of electric service for homes and stores.

**HERE'S HOW IT WORKS:**  
Our service men will make but one trip a day on a route that has been scheduled the previous day (instead of making many trips on scattered assignments).

Your orders requesting service "connected" or "disconnected" will therefore be worked the business day following receipt of your order.

Please make requests for this service between 9:00 A. M. and 5:00 P. M. weekdays or on Saturdays between 9:00 and 12:00 noon.

For example, if you want your service connected or disconnected on Thursday, please call us between 9:00 and 5:00 P. M. on Wednesday.

We realize that this plan will not be quite as convenient for you, but we ask your assistance and your cooperation because of wartime conditions that make this change necessary. It's just one of the many ways that we can help WIN THE WAR.

**Alka Seltzer**

When statements about Alka Seltzer are made over the air, please believe them.

Millions suffer less from Headache, Acid Indigestion, Dizziness of Cold "Morning After" and Muscular Fatigue because they have heard and believed Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine argument they get from the broadcast.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer, we believe you will agree with us.

But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio program.

**WHY ALKA-SELTZER IS SO EFFECTIVE**

The pain-relieving analgesic in Alka-Seltzer is in complete solution with the effervescent action of the sodium bicarbonate. The penetrating action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.

Large package 50¢  
Small package 25¢  
Try a glass of Alka-Seltzer at your Drug Store Soda Fountain.
